"On January 11 1991 the Towns of Ossipee, Effingham and Freedom met with Delbert Downing and Vernon Knowlton of the Water Resources Division of the Dept. of Environmental Services, Senator Heath, Representatives Daly & Jean, representatives from Central Maine Power, 2 representatives from the General Court, other interested parties, and members of various property associations surrounding the lake.

'CMP has notified the State of NH of its intention to sell the dam or if a sale is not possible to discontinue the dam. As we all know this would be a disaster for us all.

'On January 16, 1991 the Selectmen of all three Towns met in Effingham for an Organizational set-up. At this time what we now refer to as the Ossipee Lake Dam Authority became a reality and papers were initiated for approval of the Attorney General.

'On January 31, 1991 the Selectmen of all three towns met in Freedom and agreed upon a ceiling figure for a routine maintenance fund. This ceiling figure was set at \$30,000.00 temporarily. It is possible this may be reduced in the future. To activate this fund each Town will have an Article on their respective warrants asking the people to appropriate these funds. The amounts for each Town were determined by the percentage of Equalized Valuation of each Town. Ossipee will be asking its voters for \$15,930.00, Freedom's share is \$9,360.00 and Effingham must allot \$4,710.00.

'It is estimated that the Operational Cost for a year will average \$9,000.00. This

is the amount that must be replaced in the fund each year. Next year, if everything goes as estimated, Freedom will be asked to appropriate 31.2% of the \$9,000.00 or \$2,808.00.

"A third meeting is scheduled for Thursday March 1, 1991 at the Ossipee Town Hall if anyone should be interested in attending."

VOTE ON ARTICLE 22: YES, unanimous.

Discussion. There was a great deal of concern that this issue would be put off again for another year. Tom Kondrat pointed out to the Selectmen that he believes they have fifteen (15) days, by law, to notify the Selectmen of the Town of Effingham of Freedom's Vote regarding the Huntress Bridge Road.

Discussions:

(1) Betty Godfrey - why is the old police cruiser still in service, after it was supposed to have been traded in? The Selectmen pointed out that the car had little trade-in value, and the new cruiser had been obtained for much less than expected, and the Selectmen had made the decision to keep the old cruiser as a back-up.

(2) Bud Brooks - asked Henry Tail if the new format for figures was due to the accrual accounting, and pointed out the figures were difficult to follow and needed more clarification. Henry said that exact figures for all departments were available at the Town Office, and are, of course, public information, if people would like to review them -said last year people had complained that the books had too much information.....

(3) John Thurston questioned the sum paid to The Balsams and asked for an explanation - the Selectmen advised that this was an expense of the Police Department, for the Chief and Mrs. Pyne to attend the Annual Chiefs of Police Convention

Clem Lovell made a MOTION TO ADJOURN; SECONDED by Alice N. Haslett. MOTION DEFEATED

(4) Article 32 - Special Road Committee. A. Elizabeth Priebe made a MOTION to appoint Michael Kondrat as Chairman of the Committee; SECONDED by Hugh W. Priebe.

(5) Bonnie Ainsworth thanked the Town Officials for all their efforts throughout the year.

It was noted by the Selectmen that the total amount raised and appropriated at today's meeting is: \$678,077.50.

FREEDOM PUBLIC LIBRARY
1991 Annual Report

The year 1991 has again seen an increase in use of the Library. The Book Club continues to meet the last Monday of each month, and highlights of the year have included a guest lecturer from the New Hampshire Humanities council and a field trip to the York Historical Society in Maine. The increase in attendance at Marilyn Verney's Story Hour for three and four year olds on Wednesday mornings has necessitated the purchase of eight more small chairs. Library cards have been printed and will soon be issued in order to bring us in conformance with the state law regarding confidentiality.

This has been an unusual year for the Library in terms of the number of generous memorial gifts, which has enabled us to increase our endowment fund which supplies us with a base for future Library needs. We also want to thank the Friends of the Library for their contribution for book purchases as well as again sponsoring the Storyteller who entertained the children during Old Home Week.

And to those of you who have never been to the Library, we would like to extend a special invitation to come, to look, and to use and enjoy it.

Respectfully submitted,
James A. Scully, Chairman
H. Edward Reed, Treasurer
Lee R. Fritz, Secretary

SELECTMEN'S REPORTS

To the People of Freedom

I don't believe I have ever seen three years go so fast. However, on March 11 John Woodard will become Chairman of the Board and begin his third year.

Many changes occurred this year such as the septic lagoon, the State of New Hampshire awarding the Town a \$10,000 grant for our Recycling Facility, the possible approval of the Flood Plain Insurance Plan and a halfway developed Welfare Plan.

Our Tax Maps and records are way ahead of their status of three years ago, and our new filing system is also paying dividends.

All of the members of our little Town should be commended for their efforts and results. It has been a pleasure to work with them all.

It is worth noting that a growing togetherness with the School Department is becoming more important and in time will be to our mutual advantage, both in a financial and community feeling way.

I hope I'm not boring you with one item, but I have continually asked people to come into the office for an hour, a day or whatever time you can spare to observe first hand some of what goes on. I think you might be surprised I think you might be pleased, I think you are paying for this operation and should observe and understand.

Should I be returned to this office on March 10, or not, I definitely wish to thank you all for the opportunity and the learning I have received.

Sincerely,
William O. Cutler
Selectman

To the People of Freedom

Another year has come and gone. The pace of the 90's will not mirror the 80's. Freedom feels the economic pinch affecting the country. The Town Officials have continued to manage the town's funds as the voters at town meeting requested. The new budget has held the line in most areas with some increases in Welfare, Legal and Health Insurance. Workable budgets are built from past expenditures, but must be functional for present and future trends.

Articles for Barrier Free Handicapped and Elderly access to all municipal buildings including the bathrooms are included in this year's warrant. The Federal requirement for these articles has been in place since 1977 with a completion date of January 1992. Wheelchair access to the Town Office Building, first floor, is adequate, all other requirements at our municipal buildings are not satisfactory or have not been met. The Barrier Free Design Code must be followed when making these structural changes. To protect the town these articles must be resolved.

Recent and proposed changes to the Current Use Program are toward a more equitable and equalized foundation for this fine program. One that helps us all to maintain our country style of living. Stay "current" on the Current Use information in the media. Although some changes are needed, this program should be retained and just fine tuned. Be involved.

We are losing our long time treasurer this year, other officials are up for reelection and some citizens will be running for election. Get involved, be available, help out. Every citizen has a public responsibility. You count.

With my acceptance of the chairmanship this year, I will continue with the progress that has been made in the last few years. In this final year of my term I will work to the best of my ability to serve the citizens of our Town. I am available at the office or at home to be of help or answer your questions.

Sincerely,
John B. Woodard

Dear Fellow Citizens

The past two years have been difficult for many of us, money is tight, jobs are scarce - taxes keep on growing. Over 80% of our total town budget is funded solely by taxation of personal property taxes. We in the Town Office are very aware of the economic climate and have encouraged budget constraints where ever possible

The Ossipee Lake Dam Authority (Freedom makes up 33% of this authority) is entering its second year with the State of New Hampshire as its partner, to insure that Ossipee Lake remains a lake!

The Freedom Recycling Facility is slowly getting a new face lift as it goes through a transition period.

We should all thank the various Town Board Members who generously give of their time, and remind you, there are vacancies coming in March and replacements are needed.

In closing, let's all hope that in the spring we can put our economic concerns a bit to one side and concentrate more on the good side of life that Freedom has to offer.

Sincerely,
Richard J. Goff

FIRE CHIEF'S REPORT

This past year has been a busy year for the volunteers.

We trained every Tuesday night with the exception of the last Tuesday of the month which is a business meeting.

Our money from fund raises and donations was used for the safety of our firefighters.

We matched our funds with the Town Fire Dept. Budget Funds to purchase eight sets of Morning Pride Fire Coats and Pants.

We have training via satellite right at the Fire Station every night from 4:30 to 10:30 which all gets taped for future use. Some of the things that are covered are Fife Fighter I right through to career courses, hazardous material incidents, brush and forest fire control and all areas of the Emergency Medical Service. Each course is validated by the International Fire Service Training Association. Courses which in the past were hard for us to obtain.

At this time I would like to thank all those who came to our Easter Egg Hunt and Halloween Party. We hope all of you had a good time. Also thanks to the Freedom School Principal Bill Nelson for inviting us to the school during Fire Prevention Week. We spoke to the children about fire safety and passed out pamphlets.

Our deeply appreciated thanks go out to those who volunteer their time and efforts to support the Freedom Volunteer Fire Department.

We had 73 calls this past year:

	In Town	Mutual Aid
Structure Fires	0	7
Chimney Fires	8	1
Brush Fires	5	1
Dump Fires	1	0
Motor Vehicle Accidents	6	2
Motor Vehicle Fires	2	3

REPORT OF THE CHIEF OF POLICE

To the Selectmen and Citizens of Freedom:

As I enter my tenth year as Chief of Police in Freedom, we can look back and see many changes that have occurred. We've had changes in personnel as well as several changes in the laws we enforce. Some of the changes have been good and some have made things more difficult to be effective.

Police Standards and Training, the governing body of all law enforcement in the state is also changing. Training requirements are becoming stricter and police officers in Freedom are receiving a great deal of training in order to keep their certifications active.

In the past year we experienced a large increase in calls for service during the daytime hours. Due to budget cuts without assisting departments, there were a few instances where the response time getting an officer to the scene was poor.

Our goal for 1992 is to provide much more daytime patrol and to have an officer on call as much as possible.

I would like to take this opportunity to thank the town officials, all department heads, the citizens of Freedom and most of all the officers I work with for the dedication and a job well done.

Respectfully submitted,
Jack Pyne
Chief of Police

FREEDOM CONSERVATION COMMISSION

ANNUAL REPORT FOR 1991

The Freedom Conservation Commission had a moderately active year in 1991. We met almost every month. There were several consultations and site reviews in addition to our regular meetings.

Much of our time and energy was devoted to the Wetlands Permit review process. We are responsible for reviewing applications for Wetland Permits in the Town of Freedom. We routinely review all permits and make recommendations to the State Wetlands Board in Concord. The Wetland Board is the group which makes the final decision on these permits.

We would like to take this opportunity to remind property owners in Freedom to file a permit application for any work which you are planning in or adjacent to a wetland. A wetland is carefully defined by our zoning ordinance, and if you have an area which has water standing on it for even a portion of time, you might very well have an area defined as a wetland. Any work on or near this area will need a permit. Docks, roads, culverts, clearings, etc., are all types of work which require a permit. If you have questions, please feel free to call any member of the Conservation Commission. Permit applications can be obtained from the Town Clerk.

The Conservation Commission awarded a scholarship to Leif Erickson to attend the Youth Conservation Camp sponsored by the Society for the Protection of New Hampshire Forests. He gave us a report and we feel that this is a valuable program. We are currently receiving applications for scholarships to the same program in 1992.

During the summer, we sponsored a program on Deer Yard Management for property owners in Freedom. We are grateful to the Extension Service for presenting this program.

The Conservation Commission has been encouraging the Trust for New Hampshire Lands to consider certain sites in Freedom as possible areas for establishing conservation lands.

We are currently in the process of establishing a Conservation Commission library and map resource room at the Town Hall.

We invite your comments and suggestions anytime and we encourage any interested citizens to attend our meetings at the Town Hall.

Respectfully submitted,
Donald G. Johnson, Chairman
Barnes Compton
Alan Grant
Susan Hoople
Barry Keith
Tina Goode, Alternate and Secretary

REPORT OF CODES/ZONING OFFICER

I am again grateful for the opportunity to serve the town in the capacity of its Codes/Zoning Officer.

This past year has been such a pleasure to serve as more home owners, land owners, and contractors seek to comply with zoning.

I would report that 173 building permits were issued this past calendar year. In addition, some 45 septic system designs were reviewed. Eight of the building permits issued were for new home construction, adding some \$800,000 dollars to the tax base. The remainder of the permits were for remodel work or additions and outbuildings, adding some additional \$690,000 to the tax base.

For myself, I continue to attend monthly training and business meetings as a member of the New Hampshire Building Officials Association. These meetings give me the opportunity to meet and discuss issues pertaining to zoning and building with other code and building officials from other sectors of the state. These meetings enable me to be better equipped to serve you, the townspeople of Freedom.

I trust this next year of 1992 will be as good as this past year.

Respectfully,
Paul Dorian
Codes/Zoning Officer

I certify that I have examined the financial records and accounts of the Selectmen, Tax Collector, Town Treasurer, Town Clerk, Library Trustees and Trustees of the Trust Funds for the fiscal year ending December 31, 1991 and have found that the receipts and disbursements are in agreement with the respective entries for all accounts.

THE CENTER of HOPE

Area Agency for Region XI
BOX 1400 CONWAY, NH 03818 CALL 356-6921

January 30, 1992

To the Citizens of Freedom:

The Board of Directors of The Center of Hope, Inc./Area Agency - Region XI has made the decision not to request financial support on behalf of our transportation program for 1992. This decision is made with acknowledgement of the strong support for our program over the years, as well as the current economy.

The Town of Freedom has been very generous, helping us to provide transportation to jobs, community services and friends. Our commitment to transportation services continues. We will work to offset the lack of Town funds in 1992 through fund raising and economies in other areas of Agency operation which will not affect services.

We thank you, once again, for your past assistance and hope that any future request for Town support would be considered.

Sincerely,

Peter Blue
Executive Director

MT. WASHINGTON VALLEY ECONOMIC COUNCIL

1991 REPORT

Established in November, 1990, the Mt. Washington Valley Economic Council (EC) is a non-profit community development corporation. As a public-private partnership, the EC works to improve the economic vitality of the region. A (twenty five) 25 member Board of Directors governs the Economic Council with twelve (12) towns in the region having the right to appoint one Selectperson as a Director and the remaining fourteen (14) decided by the membership. The Council has seven (7) committees, as well, being responsible for completing specific work activities. During 1991 the Council's accomplishment include:

Job Retention. In cooperation with the U.S. Small Business Administration, the EC established a no-cost business counseling program.

Financing. The EC has sponsored several workshops and seminars on business and financial planning which were attended by over 500 business people. In December, the EC sponsored an information meeting with the New Hampshire Director of the Small Business Administration on the agency's new financial programs. Council representatives have worked with the Congressional Delegation on these changes. Because of the lack of credit for worthy business ventures, the Council is documenting the need for increased credit through a Revolving Loan Fund.

Economic Marketing. In cooperation with the State, and through participation at trade shows, the EC is marketing the Valley and western Maine to prospective companies. Work is progressing on a revitalization plan for Mill Street in Conway.

Communications. Over 150 participants attended the Economic Summit in January, which highlighted area problems and opportunities. The Council has met with members of the Congressional Delegation and key state officials to work on Valley problems. The EC has informed the public of its activities through regular contact with the media.

In 1992, the Economic Council will focus on the following:

1. Creation of a Revolving Loan Fund
2. Job retention efforts
3. Economic marketing
4. Airport/Industrial Task Force
5. Technical assistance: Business Counseling/Workshops
6. Revitalization of Mill Street
7. Regional Mapping

The Council's Board of Directors is pleased with the progress and appreciates the support that local government and the community at large have provided.
